

8K SHV Live Demo

- Dynamical switching and display of uncompressed SHV signals (72Gb/s) transmitted from different sources
- Interactive live between NHK (Tokyo) and AIST (Tsukuba)
: distance ~ 60 km (optical fiber extension ~ 173 km)
- Remote duet of professional Tsugaru-samisen will be performed demonstrating very small latency of DOPN.
 - SHV : Super High-Vision (8K, ultra-high definition TV)
 - DOPN: Dynamic Optical Path Network
