

The 4th Clayteam Seminar

Symposium on Advanced Composite Materials

Date & Time: February 24, 2011 10:30~18:00

Venue: Multipurpose Hall, Sendai City Industrial Promotion Organization

Participation Fee: Free (Limited 300 participants)

(Please apply for your participation from Clayteam Official website: <http://unit.aist.go.jp/ccs/clayteam/>)

Programme

[Chair] Dr. Hiromichi Hayashi (Research Center for Compact Chemical System, AIST)

10 : 30~11 : 30

"Panoscopic assembling of ceramic materials for environmental clean-up and human health"
Prof. Tugio Sato (Institute of Multidisciplinary for Advanced Materials, Tohoku University)

11 : 30~12 : 30

"Exfoliated Oxide Nanosheets: New Solution to Tailored Nanoelectronics"
Dr. Osada Minoru (MANA Scientist, Soft Chemistry Group, MANA/Nano-Materials Field/Soft Chemistry Unit, National Institute for Materials Science)

[Chair] Dr. Yoshito Wakui (Research Center for Compact Chemical System, AIST)

13 : 30~14 : 00

"Latest materials for displays" Dr. Seok Han (Rohm and Haas Company)

14 : 00~14 : 30

"Nobel Application of Delafossite Materials"
Assistant Prof. Te-Wei Chiu
Department of Material and Mineral Resources Engineering, College of Engineering
National Taipei University of Technology

14 : 45~15 : 15

"Introduction of Tamamushinuri, a Traditional Industrial Art" Ms. Midori Saura (Tohoku Kogei)

16 : 00~18 : 00 Poster Session

Get-Together Reception

Venue : Heichinrou (at 31st Floor, AER Building)

Reception Fee : ¥5,000

Contact:

Clayteam Secretariat (Mr. Akira Togashi & Ms. Yasuko Nwanesi)

Phone & Fax: 022-237-3057 e-mail: clayteam-aist@m.aist.go.jp URL: <http://unit.aist.go.jp/ccs/clayteam/>

Organizer:

National Institute of Advanced Industrial Science and Technology

Co-Organizers:

The Ceramic Society of Japan

The Surface Science Society of Japan

The Clay Science Society of Japan
